

Election-Data Verification Calendar

When to re-check each office's official election calendar so filing deadlines never go stale.

coolpeople · generated 2026-07-12 · snapshot of seeded reference data

How to use this

Every office has an election on a cycle, and each election's filing/qualifying calendar is published by its authority (FEC, a Secretary of State, or a city clerk) roughly 6–12 months before the election. This document tells you **WHEN** to go re-verify each group and refresh the data.

The rule of thumb

Verify each office group ~9–12 months before its next election, and replace any year-only placeholder with the real dates the moment the authority publishes them. Because every seeder is idempotent, re-running simply overwrites — no duplicates.

Status legend

- **ON FILE** a real, upcoming filing deadline is stored — confirm it's still accurate.
 - **PLACEHOLDER** only a year is known (exact filing date not yet published) — needs real dates.
 - **CYCLE CLOSED** this cycle's filing window has passed — nothing to do until the next cycle.
- Scope of this snapshot: 7,511 offices across 103 groups (federal, all 50 state legislatures + statewide, and NYC municipal).

DUE NOW — filing windows currently OPEN (verify immediately)

These have real filing deadlines within days. Confirm they're accurate and that candidates can act:

- **DE — State Legislature** filing closes 2026-07-14 (62 offices)
 - **DE — Statewide (US Senate / Governor / AG)** filing closes 2026-07-14 (1 office)
 - **U.S. House of Representatives** filing closes 2026-07-14 ... 2026-08-07 (435 offices)
 - **LA — Statewide (US Senate / Governor / AG)** filing closes 2026-08-07 (1 office)
- Note: most other 2026 filing windows have already closed — only late-filing states remain open above.

Calendar by election cycle

Each block: the election, what's in it, current data status, and when to start verifying.

2026 general Tue Nov 3, 2026 · ~6,920 offices

Filing mostly CLOSED

U.S. House, ~33 U.S. Senate seats, Governors, and 46 even-year state legislatures.

Only Delaware, Louisiana, and a few late U.S. House states still have open filing (see “Due Now”).

> **Verify:** nothing to add for 2026. After Nov 2026 these roll to 2028 — watch for special elections.

2027 general Tue Nov 2, 2027 · 538 offices · PLACEHOLDER

Year-only — needs real dates

LA, MS, NJ, VA state legislatures (odd-year states). Currently year-only placeholders.

Filing/qualifying calendars publish late 2026 to summer 2027.

Future: Philadelphia, Houston, Chicago city councils land here once seeded.

> **Verify:** quarterly starting Q4 2026. Seed real filing_close + primary dates as each authority publishes.

2028 general Tue Nov 7, 2028 · President + even-year offices roll here

President placeholder; rest publish through 2027–28

U.S. President (placeholder — primary & ballot-access calendar firms up through 2027).

All 435 U.S. House, ~34 U.S. Senate seats, Governors, even-year state legislatures.

> **Verify:** starting mid-2027. Re-run the FEC seeder for 2028 (automatable) + refresh state filing calendars.

2029 general Nov 2029 · 52 offices · PLACEHOLDER

Year-only — needs real dates

NYC Mayor + 51 City Council seats. Currently year-only placeholders.

NYC BOE/CFB 2029 calendar publishes ~2028.

> **Verify:** early 2028, when NYC publishes its 2029 calendar.

Recurring per-cycle checklist (run ~12 months before each election)

- 1 **Federal** — Re-run the FEC seeder (--source fec --cycle YYYY). Fully automatable via API.
- 2 **State** — Refresh each state's primary/filing calendar (SoS or Ballotpedia) -> --source primaries / statelegdeadlines --cycle YYYY.
- 3 **Cities** — Refresh council election calendars and re-fetch each city's boundary GeoJSON.
- 4 **Placeholders** — Replace any year-only anchor with the published exact dates (the upsert overwrites in place).
- 5 **Coverage** — Review for any office with no upcoming deadline or a lingering placeholder before the window opens.

Appendix — full coverage & verify-by (all groups)

Print and check off as you verify each group. Sorted by next election cycle.
